dled all of his relatives upon the government help by opportunity to earn money as clarks in Massachuse.te.

and copyrits, not because it was in any other way objectionable to have brothers and sisters working a de by side at department deaks. This family talk is not only silly and unjust, but un

If the democrats can do no better in begin-rould be Let us choose man whose relatives ning their attack on the Blaine and Logan are already provided for Think of the families ticket then by trying to show that each has that would march in with the democrats' We lemocrate there would be outside the pale of

DEFRICIATION IN STOCKS

The decime in railway stocks legan with the assassing on of Garfield in 1981. It is estithan the heathen or something of 1881 to Merch 1 1881 was \$1 18 520 181 The bontinued decline in the face of large earnings bounded decline in the right pince and Legan have en Evidently both Blaine and Legan have en to naturally matters of public wonder and its contractly matter wonder wonder with the contractly matter wonder with the contractly wonder with the contrac

taken has been to increase the face value of the waste upon such as hold that one a relatives stock to amount representing a capital za cught to go monutered in the smooned of the amount representing a capital za cught to go me and the constant of the constant of the constant of the constant of the cught of the c the to go unconsidered in the successory of the transfer of the road in our owners if a road could carn reasonable dit want and nonsensited charge made against the icket which purports to give the relatives of sicket which purports to give the relatives of figure yo matter what the amount of the outgoing the road could relate the road in our of the road the government. The list occupies space enough of the road. This was all very well as long as above, nobels would then there was no competition. But no company could long continue to cain dividends it a large amount of fictitious stock when paralleled by a new road built as cheaply as itself. It can probably pay a handsome interest on its actual cost as v ry nearly every road in the build.

States is doing to day but it can I pe to do little more. It was also fact as an instance which compelled the purchase of the Nickel Plate line in the interest of Lake Shors eteck. The extension of the Chicago I arling, ton and Quincy on a parallel with the Union Pao in hard consistent which the little is the interest of Lake Shors eteck.

The extension of the Chicago I arling, ton and Quincy on a parallel with the Union Pao in hard consistent which is the little in little in the little in little in the little in little in the little in t compeller, that road to mass its dividends 1 stes that will pay the mover lines (conomically built with the pr cue is of bonds issued at par

tions stock of the older roads

Another cause of this decline which is inherent in the system, is easily discovered by a review of it a history of many of these roads. In some desert or wilderness a long rairroad is mapped out and the able men who hold the franchise issue first mort, age bonds for the entre amount of the cost inclinding market price of land grambs at Washington probits of col. struction company and less mon bonds sold at a discount holding in hand for private use some propositions amount of stock no a stier what representing if course nothing but the cost what representing if course nothing but the cost of the printing and the knavery of holders. At the first favorable opportunity statements and in figures are irreducted whelly to standard, public figures are irreducted whelly to standard, public figures are irreducted to high figures by including transportation of construction material the trade aids aired to be extra rdinardly proper one and die to jay upon did dividen is of the whole sto half the material to the holder of the first properties of the fir dward fill nephew deputy United States masshall one and the to just man direction the continued who happen to know something about some whole sto k. In semi-unstances a dividend of whole sto k. In semi-unstances a dividend of from the standpoint if personal knotledge to the living at the same time that the cases we kin we ultimes sets 1; the circled I may ablice nor a living at the same time that the cases we kin we ulations sets 1; the circled I may ablice nor a living at the same time that the cases we kin we ulations sets 1; the circled I may ablice nor a living at the same time that the cases we kin we ulations sets 1; the circled I may ablice nor a living at the same time that the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases we kin we have actually care been deals and out of the cases are cases are cases and out of the cases are cases are cases and out of the cases are cases are cases and out of the cases are cases are cases and out of the cases are cases are cases and out of the cases are cases are cases and out of the cases are cases will altered scheel it the cred for plant need to will altered scheel it the cred for plant need to will go and for scheel it the commodated by the commodated of the boson's who are couly it to will go and the county of the commodated by the commodated of the boson's who are couly it to will go an indicate the county of the commodated by the commodated othing about would under a like a rayers, be chinis armed | here and la reces equally shown up in pretty much the same light.

In the draw place John E. Blaine paying ter, now slationed it. Helena Mostana is a democrat and was appointed by G and while a resident of Kansas through influences that his brother had nothing to do with. He is a purchase of a first price and are promptly accommodated by the organizers of the boom? who are only too willing to unload their hollings. I up a resident of Kansas through influences that his brother had nothing to do with He is a purchase of a first set of a f demorat and was appointed by G and while too willing to infload their follings lybe in the many in rich with it is a resident of Konsas through inducences that rich ed business many all would lick uit a by the fitte in the his brother had nothing to do with. He is a purchase of a historist at that will consider capable man who ought to suffer no disability the same stort increased to ten times the arm in a constant of the determinant brother before fact, where a clean at C Of this the rel by assistance from his brother. This do d as he whole thank is floutions, and merely

It is has been the hastory in general terms Succept of the rail; sade where securities have publican Walker Blame the son mentioned blanches terribly within the past year. They and any and the court of the same territory of the court months John J (oppunger the on miss denup a the roads and that burden has been f the highleenth infantry was in the high removed by the most satural f processes. A great deal of suff ring and poverty and erime s wife was in her cradle and was not perco has resulted from this system of ra frond buildly known to the Blane family until stortly in, and the sharpers themselves have many of fore he married his wife about a viriago them been severely junched or altogether most A. Ekin the cough mentioned as assist origh d. It is a just retribution which is now a quartermaster general of the army is not falling upon the man who derived this system the army at all but is living as a private. Since the first of Murch the depreciation in the the war before Blaine was ear and the sould stocked every struck shill more and was promoted on ac and the Huntington as kell in little loss. If

but altogether unpr tital lo expenses

The paformance f the h man fly at the rens doubtless raised the meation how lo flies hang on? in the ninds of all who wit noused it. There have been many theori s ad vanced in snewer to the question. In the Missianumber c: the P pular Same Monthly periments that it is not the presente of the air nor the lower of an adhes to liquid that gives thus the faculty of running over amouth bodies but that the lever should be attrib

 \mathbf{WORCEY} Of Confidence

AYER'S Sarsaparilla is a medb inc that, parts of the word, has proved its efficacy as the last blood afterative known to melical science.

cacy as the lest blood alterative known to melical science.

SARSAPARILLA the root of the genuine Honduras Sarsuparilla) is its base, and its powers are enhanced by the extracts of Yellow Dock and Stillingia, the Indides of Potassum and Irod, and other potent fugredients, your blood vittated by derangeneits, your blood vittated by derangeneits of the digestive and assimilatory functions? Is it tainted by secrotiala? or does it contain the poison of Mercary or Contaginus Disease?

THE States, who know the composition of AYER'S SUSANARICLA, say that nothing else so good for the pinfification of the blood is willin the range of pharmacy.

pharmacy.

ONLY by the use of this remedy is it only by the use of this remedy is it corrupted blood to attain sound beath and prevent transmission of the destructive taint to posterity.

THOROUGHLY of the ayestern must include not only the removal of corruption from the blood, but is confedent and the strengthening of the vital organs.

RELIABLE witnesses; all over the RELIABLE world, testify that this workisbetter accomplished by AYEA'S SARSAPARILLA than by any other negretics.

SARSAPARILLA than by any other remedy.

BLOOD casa is made sure, and blood weakened through diminution of the rad corpusales is made strong, by AYRE'S SARSAPARILLA.

PURIFYING the blood an building time in serious cases, but be neit will be derived from the use of AYRE'S SARSAPARILLA more specific than from anything else, is almost an in the market, under many names, but the only preparation tha insection test of time, and proved worthy of the world's confidence; is

Aver's Sarsaparilla, PREPARED BY Dr. J. C. Ayer & Co., Lowe I, Mass.

Sold by all druggists! Price 1; six bottles for \$5.
